

Hornsey Town Hall: Construction Steering Group

Purpose and Terms of Reference

The roles and responsibilities of the Construction Steering Group (CSG) shall include:

- Providing a channel for a regular two-way flow of information between the Construction Delivery Team (CDT) and the local community and stakeholders;
- Allocating time and opportunity for presentations to be delivered around specific areas of works and delivery, upon request from members of the CSG;
- Creating a platform for questions and issues to be raised directly with the CDT;
- Sharing advance planning of onsite works, site traffic (including advanced notice of exceptional works or deliveries) and activities that have any potential impact on the wider community;
- Enabling some level of community scrutiny and visibility of the ongoing works and restoration, subject to safety constraints;
- Practical preparation for the creation of the CUASG (Construction Use and Access Steering Group);
- To work collaboratively with the Council's Haringey Construction Partnership and its construction partnership 'pledge';
- Providing local residents and businesses with an initial contact for information relating to the development and for comments or complaints regarding the development.
